Request for Statement of Qualifications for Consulting Coastal Engineering 2010

Professional Services Notice is hereby given that statement of qualifications and performance data are required by The Sebastian Inlet District Commission on the project described below:

DESCRIPTION: The Sebastian Inlet District is requesting Statements of Qualifications (SOQ's) to perform work as follows:

Planning and design of improvements at the Sebastian Inlet including but not limited to jetties, walkways, navigation channel and markers, dredging projects for the channel and sand trap, sand bypassing systems, erosion control, beach nourishment, environmental and permit monitoring, sediment transport, construction design and permitting, regulatory and/or matters involving the law or litigation in the field of coastal engineering, basic research in the field of coastal engineering, cost estimating, preparation of specifications, determination of sand budgets, assistance in overall long range planning and such other duties as may be requested by the District through its Inlet Administrator.

APPLICATION: Interested engineers, firms and/or groups wishing to provide the needed services must obtain and fully comply with the requirements listed in the Request for Statement of Qualifications (RSOQ). All statements of qualifications and performance data will be evaluated pursuant to applicable Florida statutes. A copy of the full RSOQ may be obtained by contacting the Sebastian Inlet District at the address listed below:

Martin S. Smithson, Administrator
Sebastian Inlet District
114 Sixth Avenue
Indialantic, FL 32903
(321)724-5175

DATA: Four copies (one original and 3 copies) of the Statement of Qualifications must be received on or before the close of business on March 31, 2010, in the offices of the Sebastian Inlet District. Send to the above address.
