CALL FOR PAPERS

Our focus for the upcoming annual conference will be on ensuring the continued viability of Florida’s beach management program and the intergovernmental partnership that is responsible for its success. We will involve lawmakers, other decision-makers, design professionals and program managers to make this a meaningful and productive debate.

In these challenging economic times, we all recognize that limited dollars for beach management must be used more judiciously and cost-effectively. A number of topics seem to reflect this reality, including:

• Good science produces good policy -- How can we use ongoing monitoring programs to predict project performance and improve project cost-effectiveness?

• How to work more effectively with other coastal interests -- when to listen, when to accommodate and when not to -- while learning from one another.

• Inlet sand bypassing to more effectively manage sand resources: How can we better meet the challenge?

• The sand shortages -- what are the options and are they cost effective?

As always, topics pertaining to:

• Beach Nourishment
• Inlet Management
• Erosion Control Structures
• Environmental Issues
• Miscellaneous Coastal Issues
• Public Policy Issues

may be submitted.

**AWARD CATEGORIES**

(please check one)

- **Stan Tait Award**
  For truly outstanding contributions to the preservation of Florida’s beaches over a period of many years. These contributions may be for political, administrative, scientific, engineering, environmental or social achievements. This is FSBPA’s highest award. Non-Floridians are eligible. **Named after the longtime president of FSBPA, who has served the association since 1975.**

- **Per Bruun Distinguished Service Award**
  For significant contributions to the cause of beach preservation.
  Unlike the Stan Tait Award, this can be awarded for a single noteworthy project or accomplishment. Non-Floridians are eligible. **Named after the first Director of Coastal Engineering, University of Florida and the lead founder of FSBPA in 1957.**

- **Bob Dean Coastal Research Award**
  For outstanding research in beach and coastal processes that contribute to improved beach management. **Named after the distinguished research professor at the University of Florida.**

- **Jim Purpura/ty. Chiu Engineering Award**
  For outstanding contributions to coastal engineering that enhance beach preservation. The award may be in recognition of innovative scientific research or for long-term excellence and contributions to coastal engineering. Non-Floridians are eligible. **Named after the two scientists who pioneered the coastal construction control line program.**

- **Local Government Award**
  For a local government official who has achieved significant results in beach preservation or enhancement. Citizen advisory groups are included in this category. **Only Floridians are eligible.**

- **Legislative Award**
  To the state or national legislator who has provided outstanding leadership through development of new legislation or financial support for beach preservation.

- **Private Citizen Award**
  For a private citizen who has made a significant contribution to the cause of beach preservation in Florida. **Only Floridians are eligible.**

- **Environmental Award**
  For outstanding contribution to the protection of the environment. **Only Floridians are eligible.**
